EXCLUSIVE DISTRIBUTOR FOR

ēvOAK AND trū/tan

Product Certification

Product Description: TrūTan fi

Product Lot/Batch Number: N°VF020813-01-R-FI

Certificate Date: 02/06/2015

Expiration dating: all lots will remain fully functional for applications for at least five (5) years from the date of manufacture. To achieve the five-year shelf life, the product must be stored unopened in the original packaging and must be protected from exposure to excessive heat, moisture, and direct sunlight.

TrūTan fi is an oenological tannin composed of Ellagitannin and Gallotannin. An oenological tannin is defined as containing at least 65% total phenols by the International Organization of Vine and Wine (OIV). (International Oenological Codex, F-COEI-1-TANINS; sec 6.9) As such, it is approved for use in wine making by the International Organization of Vine and Wine. (International Oenological Codex OENO 6/2008, OENO 352/2009 and OIV-Oeno 3522009, F-COEI-1-TANINS).

The above listed product is in compliance with performance specifications established by the manufacturer. All products are tested to ensure these specifications are met. In addition, all manufacturing process steps, product traceability, and quality testing are performed and documented in accordance with Good Manufacturing Practices.

Oak Solutions Group is certified to the ISO 9001:2008 quality system standard.
